

Phone guide for Brokers for schools

Hi X, I was hoping to speak with the Principal/Head of HSIE (Human Society and It's Environment) please.

I'm calling about Global Money Week that is coming up on 27 March – 2 April, 2016. This is a community program that helps kids with saving and money management.

As an MFAA accredited Finance Broker, I will be delivering a short 20 minute presentation to families in the community during this week.

The presentation will target basic financial literacy to give families a better understanding of everyday financial matters such as saving.

We have consulted with teachers to ensure that the program content aligns with the Board of Studies, Teaching and Educational Standards NSW (BOSTES NSW) Commerce syllabus, in particular the topics of Consumer Choice and Personal Finance, and it will run for the length of a period.

There is no mention or selling of products and we have been trained to present to secondary school children on the subject of financial literacy. All the resources and costs of the program have been covered by the finance industry.

After the presentation, free resources like games that will make financial literacy fun for kids will be available. I'm also hoping to work directly with your P&C if you could arrange an introduction.

If you wanted to find out more, please visit the website at globalmoneyweek.mfaa.com.au

Thanks for your time and consideration.
